

# Wishful thinking

death, insurance pre-meditated

## Chapter 1 by Alison Lindsay

If i died....my mother would hate me. Not because i had killed myself - but because i took away her chance to kill me herself!

She had been planning it for a while now. I saw the notebook in her drawer. She had listed how to do it without being caught.

The list was entitled "Insurance", like that name wouldn't be a bloody giveaway!

1. Take insurance policy out on Jess.
2. Wait eighteen months
- 3.

She hadn't written three yet....she hadn't decided how to end my life yet. What she HAD realised though - was that she couldn't kill me after exactly one year of the insurance policy being taken out. The cunning, conniving hag had realised that, but not that her coffee had a spider in it earlier!
